

# Experience Provence, France

June 23rd - July 3rd, 2012

After 10 years of traveling to Provence and capturing the beauty of this area, we are excited to offer a photography tour of this very special and scenic place.

From the vineyards and olive groves, to endless fields of lavender fields at sunset, Provence overflows with the vibrant colors and landscapes that made artists such as Van Gogh and Cezanne so fond of this region.

With our own private home as a base, we will venture out on daily excursions to these scenic destinations. In addition, you will have plenty of time to explore on your own. This villa allows us to invite French guests to share at our table and creates a personal, relaxed atmosphere for our group.

Spend 10 days in Provence with Beth and Lisa. We will visit lavender fields, (only available to photograph at this time of the year), wineries, our favorite local markets, the Luberon (of Peter Mayle fame), St. Remy de Provence and the asylum where Van Gogh created his most famous works, and more.

We invite you to join us and experience the rich culture, bask in the sunlight, and awaken your senses.
